Hi Stacy,

Happy Friday! Any updates we receive are also held confidential by PCI. We never sell any of the data for the organizations we partner with on a directory project.

Best,

Rellen

Subject: Question

We had someone question how the privacy of our alumni data works. Per the information given to use in the FAQs:

"The names, addresses and information provided to PCI by Truman State University for the publication of the Directory will be held confidential by PCI, except to the extent that they are utilized in, or in the preparation of, the Directory and except as required by court order or law."

This does not directly address the updates that you receive when people phone in or visit the website. Can you confirm that these updates are also held confidential and not sold?
